KARACHI: A spokesman for the Karachi Electricity Supply Company (KESC) said power supply had been restored in industrial areas of the metropolis including SITE Landhi and Baldia Town. He said that the power supply would be completely restored in the metropolis till 11:00 am. Karachi was also badly affected by the country's worst power breakdown which occurred late Sunday night after HUBCO Power Plant developed a technical fault. The KESC said it was their priority to restore the power supply in Karachi.
