<p><br /><span style="line-height:

1.3em;"><br /><strong>Minister for Water and Power Khawaja Muhammad Asif says the  
government is according top priority to reduce electricity load shedding in the

country.</strong></span></p> <p /><strong /> </strong></p> <p>♦</p> <p

style="text-align: justify;"><br />Addressing a reception in Sialkot♦ he said options for  
generating power through coal♦ hydel and wind are under consideration.</p> <p

style="text-align: justify;"><br />Khawaja Asif assured that the government is trying to provide  
maximum relief to the masses during fast approaching holy month of Ramazan by reducing the  
duration of load shedding across the country.</p> <p style="text-align: justify;"><br />He said

the masses will have to share the burden of some increase in power tariff to end the menace of  
power outages for good.<br /><br /><br /><br />Courtesy: ♦ Nation</p>
