 Karachi &#65533;Five men, including a security guard, robbed a bank in Ferozabad of Rs1.66 million on Thursday afternoon.
 &#65533; &#65533; SHO Jehanzeb Khan said they received information of a robbery at the Allied Bank Limited situated on the Allama Iqbal Road. A police mobile was dispatched to the scene and the place was cordoned off. &#65533; The bank&#65533;s staff told the police that they were working when four men dressed in shalwar kameez entered the bank. &#65533; Following that, Nazim Ali, a security guard from the Mustang Security Company who was posted outside the bank, asked the other guard posted inside the bank for water and took his rifle from him. &#65533; When the other guard left, Ali and the four suspects held the staff hostage and robbed Rs1.66 million from the bank. They also seized the CCTV footage and escaped in a hi-roof van. &#65533; SHO Khan said they called in forensic and fingerprint experts for gathering evidence. Moreover, a police team was dispatched to the Mustang Security Company for collecting information on Ali, he added. &#65533; He said the security company only had Ali&#65533;s CNIC, which seemed to be fake, and the address mentioned on the card was of a posh locality in Model Colony. &#65533; The security company had no other information on Ali, who was hired by the company only eight days back, he added.
