Islamabad: 3-day extravaganza of Islamabad Gem exhibition, showcasing the best of Pakistan's Gems & Jewellery products, both traditional and contemporary, concluded here on Sunday. {loadposition content_adsense300}3rd Islamabad Gem exhibition, organized by Pakistan Gems & Jewellery Development Company (PGJDC) from Feb 1-3, highlighted Pakistani Gems and Jewellery products in the most versatile manner where the international buyers were introduced to the rich Pakistani market. This event focused on exhibiting Gems & Jewellery produced through latest technology and skills. The intricately crafted jewellery and precious/semi-precious gemstones found in Pakistan revealed an entire new market to foreign buyers. The exhibition focused on providing a lucrative platform to the thriving gems and jewellery sector of the Country. Enabling environment was created both for local and international traders to interact and promote business. Jewellers, gem dealers and manufacturers of sectoral machinery, tools, equipment and accessories displayed their products during the Show. Talking to APP, an official of PGJDC, Abdul Ahad said the Exhibition proved to be one of the major contributors to increase export earnings of the Country, targeted to U.S. Dollars 1.5 billion by 2017. Federal Secretary for Production Gul Muhammad Rind Inaugurated the ceremony, on Friday.
